EDUCATION

Diploma in Computer Science Engineering

NPC at 2016-2019
Erode,Tamilnadu,India
Consolidated Percent-88%

Bachelor of Engineering in Computer science

HICET at 2020-2023
Coimbatore,Tamilnadu,India
CGPA-83%

SKILLS

HTML,CSS

JavaScript

React Js

Node Js

Java

Photoshop

PROJECT EXPERIENCE

Gym management Mini Project

Developed efficient web-based system using XAMPP server for managing diets, workouts, and package details. Implemented cutting-edge technologies (HTML, CSS, JavaScript) for seamless user experience. Collaborated with administrators to optimize operations and customer satisfaction.

Customer Care Registry Final Year Project

Teamed up with IBM and ICT to develop a robust web-based application for streamlined customer support using WAMP. Engineered intuitive interfaces for customers, admins, and agents to efficiently address technology-related complaints. Implemented automated email notifications for prompt complaint resolutions, enhancing overall satisfaction.

Yogeshwaran Sudharsan

UI/UX DESIGNER

PROFILE

Highly skilled and motivated Front-End Developer eager to contribute expertise in creating cutting-edge web experiences. Committed to delivering visually stunning and intuitive user interfaces to enhance user engagement and satisfaction.

RELEVANT SKILLS

- Proficient in HTML, CSS, and JavaScript for dynamic web applications.
- Skilled in UI/UX design using Adobe Photoshop and Corel Draw for visually appealing interfaces.
- Experienced in front-end frameworks like ReactJS for scalable and interactive web solutions.
- Strong project management, problem-solving, and creative skills.
- Excellent communication skills for effective collaboration and client interactions.

CERTIFICATION

- **Salesforce** Certification (May 2019)
- Certification in **HTML & CSS** (April 2023)
- Certification in **Java** (May 2023,)
- Certification in **JavaScript**(June 2023)
- Certification in **Photoshop** (Nov 2019, MicroDots)
- Ongoing courses

INTERNSHIP EXPERIENCES

Ascentz Technologies (October 2022-January 2023)

- Distinguished performance as a Front-End Developer intern, actively contributing to multiple web development projects.
- Collaborated seamlessly within a high-performing team, translating UI designs into pixel-perfect, responsive web pages.
- Ensured cross-browser compatibility and optimized performance for an enhanced user experience.

RECENT PROJECT

Omni Food (Jan 2023-Feb 2023)

- Created an impressive landing page for a fictional start-up restaurant using HTML, CSS, and JavaScript.
- Crafted a visually stunning and engaging design, resulting in increased user engagement and conversion rates.
- Employed best practices for responsive web development, ensuring seamless functionality across various devices.
- **Successfully deployed the website using Netlify.** (Link: <https://omnifood-mealday.netlify.app/>)
